Enjoy a great
holiday in Italy !

Lombardy Wine Tours

We offer you the possibility to spend a few days in a great relaxing atmosphere on the hills and the mountains of Lombardy - an Italian region you will never forget.

No worry in mind - from the moment you land all through your holiday. We have a set of itineraries that will show you the beauties of the areas close to your farmhouse.

Welcome

to Lombardy !

**Most people don't know it,
but Lombardy has a lot to
offer: beautiful lakes,
gorgeous villages,
medieval towns,
the Alps, castles, and...**

**...great red and white wines,
tasty cheeses,
beautiful salami...**

and a superb local cuisine!

Lodging is arranged in beautiful "agriturismo", local farmhouses that can offer accommodation as well as

superb lunch or dinner with good local wine. One week or a long weekend can offer you the possibility to get to know Lombardy, a fascinating area, probably less known than other Italian regions, but for sure just as beautiful and maybe even more exclusive.

These farmhouses make their own wines, and you will have the possibility to taste them right on the places where you can see the grapes grow.

We at Lombardy Wine Tours believe the best way to enjoy and learn about wine is on location, close to the land and in conversation with the people who produced it.

We will ensure that you can enjoy your relaxing holidays in close contact with nature, in beautiful surroundings out in the countryside.

To accommodate a range of interests, we have designed several kinds of trips.

- **One week long tour** proposals are for the active traveler who wants to combine the chance to learn a few things about good wine with the possibility to taste typical local food, as well as the opportunity to visit places of touristic and historical interest.

- **Our long weekends** are for busy travelers with only a short time to spare for winery visits, but still want to enjoy the full flavour of the landscapes of Lombardy.

Visit our website www.winetours.it to know more about our offering, and to book online your next holiday in Lombardy !

Or contact us at info@winetours.it, if you need more information or are looking for a more "ad-hoc" version of your tour.

**We look forward to welcoming you in
Lombardy soon !**
